Last week, the Investor Advisory Panel at the Ontario Securities Commission (OSC) announced that it is seeking feedback on a variety of issues that impact investors.

The issues for consideration include point of sale disclosure for mutual funds, fiduciary standards for financial services professionals, and regulation of credit rating agencies.

This process will be of interest to investors as well as industry because the recommendations from the advisory panel could influence future policy and regulation making by the OSC.

Comments can be submitted to the panel by January 15, 2011.

More information about this initiative can be found at:
